Guidelines for the Mini Project

Date: 9th Oct 2026

All B.Tech CSE Final Year students of Discipline Specific Skill Course Laboratory – AI Agent Development are hereby informed that the 10th Practical will be conducted in the form of a Mini Project.

Students are requested to carefully follow the instructions given below for the Mini Project:

- Students shall form groups of two (2) members, strictly within the same batch Sequentially(Roll No wise)
- Each group is required to develop and implement a Mini Project based on AI Agent Development (FAQ Assitant,Study Assistant, Travel/Task Assistant ,Domain Specific)
- Each group shall prepare an Implementation/Demonstration Video showcasing the working, functionality, and key features of the Mini Project.
- Each group must prepare a Project Report of 10–12 pages, including the following details:
  - Problem Statement
  - Project Architecture and Workflow
  - Implementation Details
  - Screenshots demonstrating the working of the modules and the Mini Project
- The prescribed first page and report format will be shared in below guidelines. All groups are requested to follow the prescribed format while preparing their reports.
- Each group will be required to present and demonstrate their Mini Project before the Review Panel on the scheduled date. The review date will be communicated to the students shortly.
- The Project Report and Implementation/Demonstration Video must be submitted on 26th October 2026.
- Students are requested to ensure that their projects are properly implemented, tested, and ready for demonstration before the review.
- The Mini Project Review will be considered the 10th Practical Evaluation of the course.
- The completed Project Report must be included in the practical file.
